EN Manual

FlinQ Indoor Rechargeable Spotlights 2-pack

Welcome to the FlinQ family

Thanks for purchasing one of our items! To ensure continuous operation and accuracy, please read these operating instructions carefully before use and save this manual for future use. Passing certain procedures may result in incorrect reading and incorrect use of this product. We hope that you will enjoy using your new FlinQ-product! If by any chance the item is damaged, defective or broken, you are covered with warranty! Please do not hesitate to contact us for any questions, concerns or suggestions at the email address as mentioned in this manual.

Register your FlinQ product

We can imagine you want to treat your FlinQ item carefully.
Register your product and you will be entitled to the following:

- 1 year extra warranty (2+1)
- Personal support
- Digital warranty certificate
- Digital manual

Scan the QR code or go to flinqproducts.nl/registration

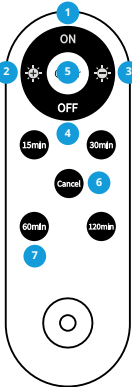

EN Manual

FlinQ Indoor Rechargeable Spotlights 2-pack

Remote Functions

1. Light ON
2. Brightness +
3. Brightness -
4. Light OFF
5. 3 Color Temperatures
6. Cancel all active timers
7. Timer Settings

15 / 30 / 60 / 120 min

Note

- Before use, please remove the insulation sheet.
- Point the remote directly at the front of the light for the best response.

Charging Instructions

1. Fully charge before first use.
2. Plug the Type-C cable into the charging port, and connect it to a 5V/2A power adapter.
3. Do not use the light while charging.

Note

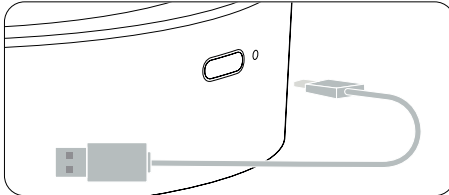

If the red light reappears after a full charge, this is normal and not a defect.

Fully charged: Green light ON

Charging: Red light ON

EN Manual

FlinQ Indoor Rechargeable Spotlights 2-pack

Specifications

Dimensions	100 × 100 × 68 mm
Weight	190 gram
Power	1.8W
Input	5V = 2A
Color Temperatures	3000K, 4200K, 6500K
Operating Temperature	0°C – 40°C
Materials	Plastic (ABS + PC)

Safety Instructions

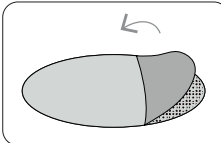

- Check for damage: Inspect the product upon arrival. If you find any damage, do not use it. Contact us for a replacement.
- Temperature caution: Do not place the light in areas where the temperature exceeds 113°F (45°C). Only charge the battery in environments between -50°F and 113°F (-10°C to 45°C).
- Charge regularly: Recharge the battery when it is empty, and at least once every 90 days if not in use, to maintain battery health.
- Storage: Store the battery in a cool, dry place away from hazardous items and out of the reach of children.
- Do not use if damaged: Stop using the battery immediately if it smells unusual, gets hot, changes color, or shows any deformation.

EN Manual

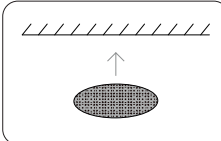

FlinQ Indoor Rechargeable Spotlights 2-pack

Installation Methods

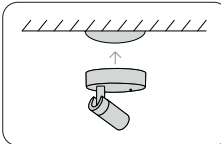

First Method (Adhesive Mounting)

1. Remove the protective film from the double-sided tape on the iron plate.

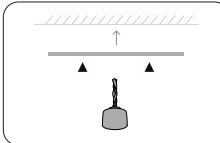

2. Ensure the surface is clean for optimal adhesion.

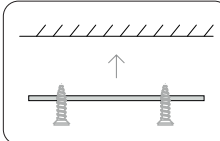

3. Align the lamp body with the center of the attached iron plate.

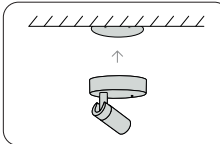

Second Method (Screw Mounting)

1. Drill holes in the wall according to the distance between the bracket holes.

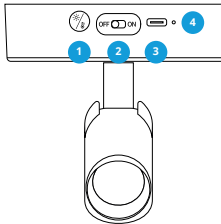

2. Secure the iron plate with two screws in the desired position.

3. Align the lamp body with the center of the attached iron plate.

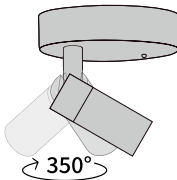

EN Manual

FlinQ Indoor Rechargeable Spotlights 2-pack

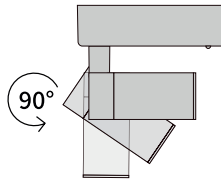

1. Adjust brightness and color temperature
2. On / Off
3. Type C port
4. Charging indicator

Single press: Turn ON / OFF
Double press: Switch color temperature
Long press: Adjust brightness

Lamp body can be rotated horizontally up to 350°.

Vertical tilt adjustment up to 90°.

NL Handleiding

Afstandsbedieningsfuncties

1. Licht AAN
2. Helderheid +
3. Helderheid -
4. Licht UIT
5. 3 Kleurtemperaturen
6. Alle actieve timers annuleren
7. Timerinstellingen
15 / 30 / 60 / 120 min

Let op

- Verwijder voor gebruik de isolatiefolie.
- Richt de afstandsbediening direct op de voorkant van de lamp voor de beste respons.

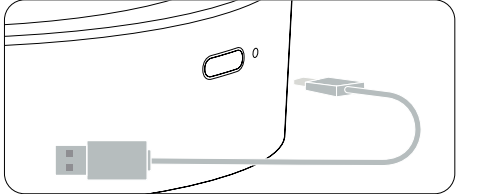

Opladingsinstructies

1. Laad volledig op voor het eerste gebruik.
2. Sluit de Type-C-kabel aan op de oplaadpoort en sluit deze aan op een 5V/2A-stroomadapter.
3. Gebruik de lamp niet tijdens het opladen.

Opmerking

Als het rode lampje na een volledige lading weer brandt, is dit normaal en geen defect. Volledig opgeladen: Groen lampje AAN
Opladen: Rood lampje AAN

NL Handleiding

Specificaties

Afmeting	100 × 100 × 68 mm
Gewicht	190 gram
Power	1.8W
Invoer	5V = 2A
Licht kleur	3000K, 4200K, 6500K
Bedrijfstemperatuur	0°C – 40°C
Materialen	Plastic (ABS + PC)

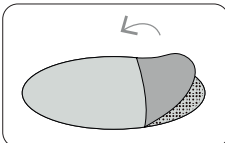

Veiligheidsinstructies

- Controleer op schade: Controleer het product bij ontvangst. Gebruik het niet als u schade aantreft. Neem contact met ons op voor een vervanging.
- Temperatuurwaarschuwing: Plaats de lamp niet in ruimtes waar de temperatuur hoger is dan 45 °C. Laad de batterij alleen op in een omgeving met temperaturen tussen -10 °C en 45 °C.
- Regelmatig opladen: Laad de batterij op wanneer deze leeg is, en minstens één keer per 90 dagen als u hem niet gebruikt, om de batterij in goede staat te houden.
- Bewaren: Bewaar de batterij op een koele, droge plaats, uit de buurt van gevaarlijke voorwerpen en buiten het bereik van kinderen.
- Niet gebruiken bij schade: Stop onmiddellijk met het gebruik van de batterij als deze een vreemde geur afgeeft, heet wordt, van kleur verandert of vervormd raakt.

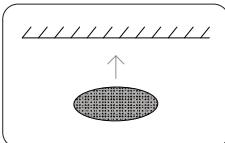

NL Handleiding

Installatiemethoden

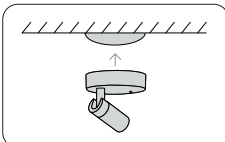

Eerste methode (lijmmontage)

1. Verwijder de beschermfolie van de dubbelzijdige tape op de ijzeren plaat.

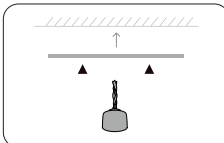

2. Zorg ervoor dat het oppervlak schoon is voor optimale hechting.

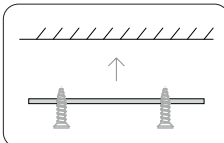

3. Lijn de lampbehuizing uit met het midden van de bevestigde ijzeren plaat.

FlinQ Indoor Rechargeable Spotlights 2-pack

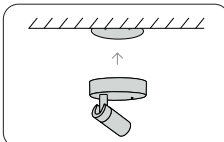

Tweede methode (schroefmontage)

1. Boor gaten in de muur met de juiste afstand tussen de beugelgaten.

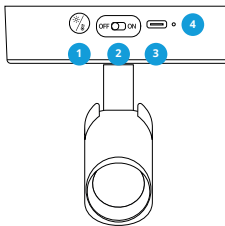

2. Bevestig de ijzeren plaat met twee schroeven op de gewenste positie.

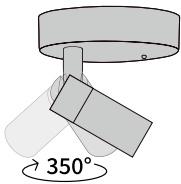

3. Lijn de lampbehuizing uit met het midden van de bevestigde ijzeren plaat.

NL Handleiding

1. Helderheid en kleurtemperatuur aanpassen
2. Aan/uit
3. Type C-poort
4. Oplaadindicator

Eén keer drukken: AAN/UIT
Twee keer drukken: Kleurtemperatuur wijzigen
Lang drukken: Helderheid aanpassen

De lampbehuizing is horizontaal tot 350° draaibaar.

FlinQ Indoor Rechargeable Spotlights 2-pack

Verticale kantelverstelling tot 90°.

- Un an de **garantie** supplémentaire (2+1)
- Soutien** personnel
- Certificat de garantie** numérique
- Manuel **numérique**

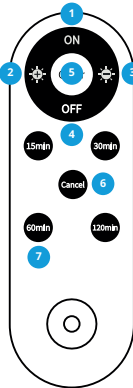

Scannez le code QR ou visitez flinqproducts.nl/registration

FR Manuel

Fonctions de la télécommande

- Allumage de la lumière
- Luminosité +
- Luminosité -
- Éteint la lumière
- 3 températures de couleur
- Annulation de toutes les minuteries actives
- Réglages de la minuterie 15 / 30 / 60 / 120 min

Remarque

- Avant utilisation, veuillez retirer la feuille isolante.
- Dirigez la télécommande directement vers l'avant de la lampe pour une réponse optimale.

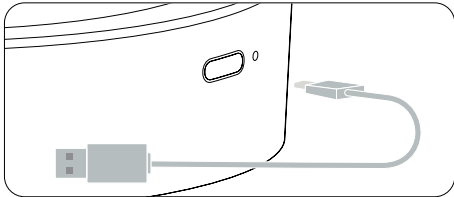

Instructions de charge

- Chargez complètement avant la première utilisation.
- Branchez le câble Type-C sur le port de charge et connectez-le à un adaptateur secteur 5 V/2 A.
- N'utilisez pas la lampe pendant la charge.

Remarque

Si le voyant rouge réapparaît après une charge complète, cela est normal et ne constitue pas un défaut.
Charge complète : Voyant vert allumé
Charge en cours : Voyant rouge allumé

FR Manuel

Caractéristiques

Dimensions	100 × 100 × 68 mm
Poids	190 gram
Pouvoir	1.8W
Saisir	5V = 2A
Températures de couleur	3000K, 4200K, 6500K
Température de fonctionnement	0°C - 40°C
Matériels	Plastic (ABS + PC)

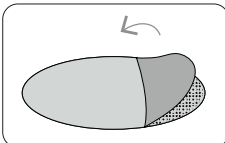

Consignes de sécurité

- Vérification des dommages : Inspectez le produit à la réception. En cas de dommage, ne l'utilisez pas. Contactez-nous pour un remplacement.
- Attention à la température : Ne placez pas la lampe dans des zones où la température dépasse 45 °C. Chargez la batterie uniquement dans des environnements compris entre -10 °C et 45 °C.
- Chargez régulièrement : Rechargez la batterie lorsqu'elle est vide et au moins une fois tous les 90 jours si elle n'est pas utilisée, afin de préserver son bon fonctionnement.
- Stockage : Conservez la batterie dans un endroit frais et sec, à l'écart des objets dangereux et hors de portée des enfants.
- Ne pas utiliser si elle est endommagée : Cessez immédiatement d'utiliser la batterie si elle dégage une odeur inhabituelle, chauffe, change de couleur ou présente une déformation.

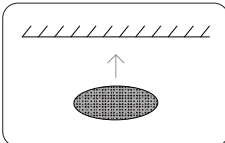

FR Manuel

Méthodes d'installation

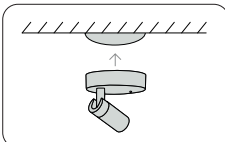

Première méthode (montage adhésif)

- Retirez le film protecteur du ruban adhésif double face sur la plaque de fer.

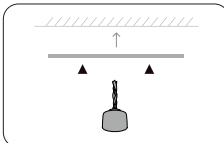

- Assurez-vous que la surface est propre pour une adhérence optimale.

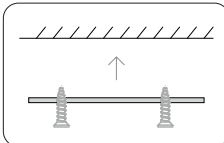

- Alignez le corps de la lampe avec le centre de la plaque de fer fixée.

FR Manuel

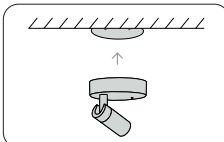

Deuxième méthode (montage par vis)

- Percez des trous dans le mur en fonction de la distance entre les trous des supports.

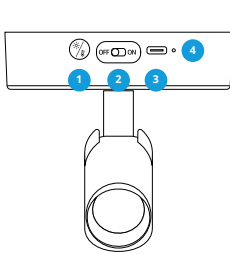

- Fixez la plaque de fer avec deux vis dans la position souhaitée.

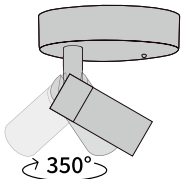

- Alignez le corps de la lampe avec le centre de la plaque de fer fixée.

FR Manuel

- Réglage de la luminosité et de la température de couleur
- Marche/Arrêt
- Port Type-C
- Indicateur de charge

Appui simple : Marche/Arrêt
Appui double : Changement de température de couleur
Appui long : Réglage de la luminosité

Le corps de la lampe peut être tourné horizontalement jusqu'à 350°.

Specifiche

Dimensioni	100 × 100 × 68 mm
Peso	190 grammi
Energia	1.8W
Ingresso	5V = 2A
Temperature di colore	3000K, 4200K, 6500K
Temperatura di esercizio	0°C - 40°C
Materiali	Plastica (ABS + PC)

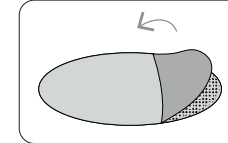

Istruzioni di sicurezza

- Verificare la presenza di danni: ispezionare il prodotto al momento dell'arrivo. Se si riscontrano danni, non utilizzarlo. Contattateci per la sostituzione.
- Precauzioni relative alla temperatura: non posizionare la luce in aree in cui la temperatura supera i 45 °C. Caricare la batteria solo in ambienti con temperature comprese tra -10 °C e 45 °C.
- Ricaricare regolarmente: ricaricare la batteria quando è scarica e almeno una volta ogni 90 giorni se non in uso, per mantenerla in buone condizioni.
- Conservazione: conservare la batteria in un luogo fresco e asciutto, lontano da oggetti pericolosi e fuori dalla portata dei bambini.
- Non utilizzare se danneggiata: interrompere immediatamente l'uso della batteria se emana un odore insolito, si surriscalda, cambia colore o presenta deformazioni.

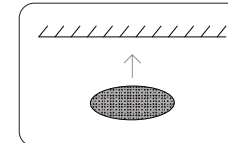

FlinQ Indoor Rechargeable Spotlights 2-pack

Metodi di installazione

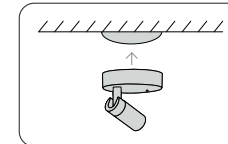

Primo metodo (montaggio adesivo)

1. Rimuovere la pellicola protettiva dal nastro biadesivo sulla piastra del ferro da stiro.

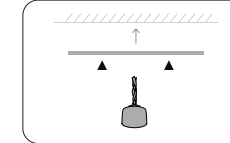

2. Assicurarsi che la superficie sia pulita per un'adesione ottimale.

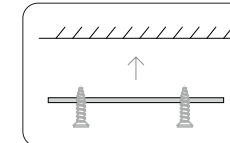

3. Allineare il corpo della lampada con il centro della piastra di ferro attaccata.

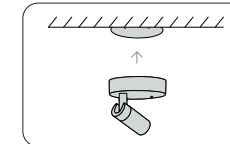

Secondo metodo (montaggio a vite)

1. Praticare dei fori nel muro in base alla distanza tra i fori delle staffe.

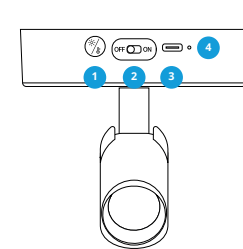

2. Fissare la piastra di ferro con due viti nella posizione desiderata.

3. Allineare il corpo della lampada con il centro della piastra di ferro attaccata.

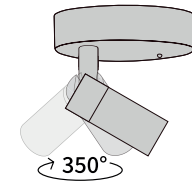

FlinQ Indoor Rechargeable Spotlights 2-pack

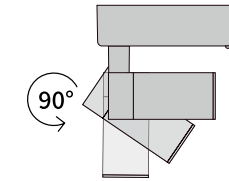

1. Regola luminosità e temperatura colore
2. Accensione/Spegnimento
3. Porta Type-C
4. Indicatore di carica

Presa singola:
Doppia pressione:
Pressione prolungata:

Accensione/Spegnimento
Cambia la temperatura colore
Regola la luminosità

Il corpo della lampada può essere ruotato orizzontalmente fino a 350°.

Regolazione dell'inclinazione verticale fino a 90°.

ES Manual

FlinQ Indoor Rechargeable Spotlights 2-pack

Funciones del control remoto

1. Luz encendida
2. Brillo +
3. Brillo -
4. Luz apagada
5. 3 temperaturas de color
6. Cancelar todos los temporizadores activos
7. Ajustes del temporizador

15 / 30 / 60 / 120 min

Nota

- Antes de usar, retire la lámina aislante.
- Apunte el control remoto directamente a la parte frontal de la luz para obtener la mejor respuesta.

Instrucciones de carga

1. Cargue completamente la batería antes del primer uso.
2. Conecte el cable tipo C al puerto de carga y a un adaptador de corriente de 5 V/2 A.
3. No utilice la luz mientras se carga.

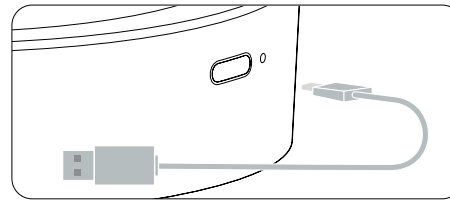

Nota:

Si la luz roja vuelve a encenderse después de una carga completa, es normal y no representa un defecto.

Carga completa: Luz verde encendida
Cargando: Luz roja encendida

FlinQ Indoor Rechargeable Spotlights 2-pack

Presupuesto

Dimensiones	100 × 100 × 68 mm
Peso	190 gramos
Fuerza	1.8W
Aporte	5V = 2A
Temperaturas de color	3000K, 4200K, 6500K
Temperatura de funcionamiento	0°C - 40°C
Materiales	Plástico (ABS + PC)

Instrucciones de seguridad

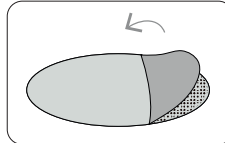

- Comprobación de daños: Inspeccione el producto al recibirlo. Si encuentra algún daño, no lo utilice. Contáctenos para obtener un reemplazo.
- Precaución con la temperatura: No coloque la luz en áreas donde la temperatura supere los 45 °C (113 °F). Cargue la batería solo en entornos entre -10 °C y 45 °C (-50 °F y 113 °F).
- Carga regular: Recargue la batería cuando esté agotada y al menos una vez cada 90 días si no la usa, para mantenerla en buen estado.
- Almacenamiento: Guarde la batería en un lugar fresco y seco, lejos de objetos peligrosos y fuera del alcance de los niños.
- No usar si está dañada: Deje de usar la batería inmediatamente si huele mal, se calienta, cambia de color o muestra alguna deformación.
